

NET WINCH

Our innovative net winch system is fully adjustable for different activities such as tennis, badminton, and volleyball. Adjusting the net height is easy by releasing the net tension, turning the handle until the required height is reached, then re-tensioning the net.

Key Features

- fast action external winder
- tamper proof removable handle
- winder and fittings are powder coated
- suitable for indoor/outdoor use
- belt system eliminates tangles with cable

Optional Extra

- combine with VB65 collar system (see below image)

Made to order, price excludes shipping.
